## HELD THE MOB AT BAY

Courage of a Sheriff Saves the Life of a Negro Murderer.

### SHOTS EXCHANGED WITH DIRE EFFECT

Two Members of the Crowd Struck by Bullets, One Fatally—Troops Ordered Out to Avert the Lynching.

Carrollton, Ga., June 7.—A mob of 300 white men broke into the jail here in an attempt to secure a negro named Williams. In front of the negro's cell the mob was confronted by Sheriff Merrill, revolver in hand. A fight ensued, in which the sheriff shot and wounded two men, one of them it is believed fatally. The mob fired on the sheriff, but he was not hurt, although one bullet passed through his hat. The mob dispersed without getting the negro. Williams was to have been hanged for the murder of John Word, but the execution was postponed owing to an appeal.

The sheriff's fire killed Daniel Bennett of this city. Frederick Word, father of the boy whom the negro Williams murdered, was badly wounded, and two other members of the mob were given flesh wounds. The leaders of the mob have telephoned to Temple and Villa Rica for aid, and swear they will have the negro. Sheriff Merrill is swearing in all the deputies he can summon, but there are not enough to go around.

### Troops Ordered Out.

The purpose of the southern people is to get surplus money from the north into their section. The earning power of banks in that section is said to be twice that in Chicago. Jonas Schwab is chairman of the committee which is visiting the Chicago bankers, endeavoring to interest them in the plan.

### Runyan Sentenced.

Columbus, O., June 7.—In the contempt cases against Clay M. Runyan and Bert J. Steele, charged with offering to sell lists of law examination questions, the former pleaded guilty in supreme court and was sentenced to pay a fine of \$50 and the costs and to be confined in the county jail here for 10 days. Runyan claimed he received the list clandestinely, from an unknown source, as the result of anonymous correspondence. Both the accused men reside in this city.

Counsel announced in court that there would be no appeal.

## FATAL HONEYMOON.

Young Millionaire of California Passes Away In Japan.

Denver, June 7.—Ex-Governor Baxter of Wyoming received a cablegram from Mrs. Hugh Tevis, now at Yokohama, announcing her husband's death. The cablegram gave no further particulars. Miss Cornelia Baxter was married to Mr. Tevis of San Francisco a few weeks ago in California, and they sailed for Yokohama on their honeymoon tour. Hugh Tevis was the second son of Lloyd Tevis of San Francisco, and one of the heirs of the vast estate left by that multimillionaire. He was about 40 years of age and a graduate of Harvard. While at that university he entered in a mile footrace, which he won, but in doing so exerted himself so severely as to affect his heart. The complaint there contracted never left him, and he was subject to attacks of heart trouble.

### Brazilian Courtesy.

Washington, June 7.—A number of officers of the Brazilian navy, in full uniform and accompanied by the Brazilian minister, Mr. Assis-Brasil, called at the White House and had a pleasant exchange with the president. Later they called on Secretary Long at the navy department and on the other cabinet officers. They also went to the navy-yard and visited Mount Vernon, where they deposited a beautiful wreath of immortelles on the tomb of Washington. The visits were expressive of the good will existing between Brazil and the United States, and were in return for the courtesies shown by the United States when President Campos-Salles was inaugurated, in having the Iowa and Oregon in Brazilian waters.

### Presidential Term.

Chicago, June 7.—Replies of approximately 1,100 prominent men to the questions of electing United States senators by direct vote and making a president ineligible for a second term have been put in form by an expert, and will now be submitted to the subcommittee of the advisory committee of the National Civic Federation. It is believed that the 1,100 answers are about evenly divided, and that the subcommittee will turn the replies over to the advisory committee without recommendations as to a report. In connection with the question of making the president ineligible for a second term opinions of the length of a single term were requested. It is believed a term of six or eight years is favored.

### Two French Duels.

Paris, June 7.—A duel with swords in the Parc des Princes between Max Regis (the anti-Semite mayor of Algiers) and an Algerian journalist named Laberdesque lasted two hours and a half with no result, when the encounter was adjourned. Regis challenged Laberdesque in consequence of an article which the latter wrote in La Petite Republique. There was a second duel, simultaneous, in another part of the park between a writer on Temps and another newspaper man. It resulted in the former being slightly wounded in the thigh by a pistol shot.

### INDORSE MILITARY SURGEONS' ACTION

Its Abolition Held Responsible For the Appalling Increase of Drunkenness and Crime Among Uncle Sam's Soldiers.

St. Paul, June 7.—By unanimous vote the American Medical association adopted a report indorsing the movement for the re-establishment of the army post canteen. The committee on legislation, through the chairman, Dr. H. L. E. Johnson, presented a report reciting the resolutions adopted by the military surgeons last week, and continuing:

"We have carefully considered the resolution proposed, and declare it to be wise and proper and of importance to every citizen of the republic. The resolution is the outgrowth of careful study and observation by the medical department of the United States army, is concurred in by the commanding officers at the various posts, and is intended to correct serious abuses under the present law, which result in drunkenness, desertion, insubordination, dishonorable discharge, crime, poverty, appalling increase in venereal disease and vandalism among the soldiers of the United States army."

The resolution adopted is as follows: "Resolved, That this body deplores the action of the congress in abolishing the army post exchange or canteen, and in the interest of discipline, morality and sanitation recommends its re-establishment at the earliest possible date."

### A Case of Interest.

New York, June 7.—Herman Warszawski appeared before a referee on a petition for discharge in bankruptcy proceedings. Warszawski came to this country as a convert to Christianity in 1891, and instituted an American mission for the Hebrews. His name still appears as superintendent of the institution. In spite of his expulsion from the Presbyterian church he was reinstated in the winter of 1899. A year earlier he had filed a petition in bankruptcy showing liabilities of \$291,302. The largest creditor was a Mrs. Annika Nicolas, who figured for \$26,000, money lent. Mrs. Nicolas opposed the petition for the discharge. She says the money was advanced by her to establish a hat factory for the employment of Jewish labor in connection with Warszawski's proselytizing work. She says there is no evidence to show that such a factory was ever established.

### Kennedy Trial.

Kansas City, June 7.—Part of the time in the trial of Lulu Prince Kennedy for murdering her husband was taken up in arguing the privilege claimed by the state of bringing in testimony bearing on the acts, conduct and character of the prisoner previous to the killing. The defense argued strongly that inasmuch as the plea of insanity would be made in her behalf, such evidence was not relevant. The jury was sent from the room while the point was argued. Judge Wofford finally decided for the state, that such evidence could be introduced, and Prosecutor Hadley resumed the examination of witnesses.

Washington, June 7.—The following postmasters have been appointed by the president: Indiana—Charlestown, James M. Teeple; Pendleton, Calvin F. Brown; Plymouth, Joseph A. Yockey; Wabash, J. M. Crain.

## HOPEFUL

Is the Administration That Cubans Will Accept the Platt Provision.

Washington, June 7.—The cabinet was in session over two hours discussing the Cuban and Philippine situations. A communication has been received from Governor General Wood regarding the prospect for the unconditional acceptance of the Platt amendment, but its contents are not made public. It can be stated, however, that there is a hopeful feeling in administration circles that after the first soreness wears off the convention will see the wisdom of accepting the terms of the amendment. Meantime the existing status in Cuba is to be maintained. No action looking to the calling of another convention is in contemplation if the present convention should decline to accede to our terms.

The program looking to the establishment of civil government in the Philippines is being formulated in the shape of an order, which is to be promulgated shortly. It is said that there is no definite conclusion as to whether the powers of the civil administration will be exercised under the general war powers of the president or the authority vested in him by the Spooner amendment.

### Southern Republics Disagree.

Washington, June 7.—It is stated that no material developments have occurred of late regarding the degree to which deliberation shall be urged in the arbitration plan before the coming congress of American republics to be held in the City of Mexico. Chile is still unwilling to attend the congress unless arbitration is restricted to future questions, while Peru stated officially that she will not attend unless the discussion of arbitration is allowed to proceed on the broadest lines. It was also stated that Argentina, Uruguay, Paraguay and Brazil had made known their purpose not to participate unless the debate on arbitration proceeds on broad lines. The southern representatives are hopeful that Secretary Hay will reach some solution which will terminate the uncertainty existing. The desire of the authorities here is to bring all the republics into the congress, and they hope this will be accomplished.

### English Missionary Coming.

London, June 7.—Rev. G. Campbell Morgan, who is leaving for the United States to take up a portion of the evangelist work of Dwight L. Moody, had a great sendoff at the City Temple. The enormous building was packed by an enthusiastic audience. Dr. Parker, who presided, said: "Because Mr. Morgan is being taken away I don't entertain a very friendly feeling to those across the Atlantic. My friends in America were wise in their choice of such a man as Morgan. To take Americans in bulk, which by the way we never could, is to handle a multitudinous, expressive quantity."

## FINE ONES PICKED OUT

Sites For Uncle Sam's Proposed Naval Stations In Cuba.

### OFFICIAL SURVEYS NOW COMPLETE.

Work Proceeded Without Any Reference to the Island's Political Status—Other Insular Intelligence.

Washington, June 7.—The naval surveys which have been in progress for some time along the coast of Cuba have disclosed the most available harbors for coaling and naval stations, in case these are established in accordance with the Platt amendment. The Eagle, Yankton and Vixen have been conducting these surveys for many months, and most of the main harbors are now completed. Probably the most important points are Cape San Antonio at the extreme western extremity of Cuba, and Cape Mays at the extreme eastern end. Most of the large harbors along the northern and southern coast have been surveyed and charted, those of Cienfuegos and Guantanamo apparently being among the best on the southern coast. These surveys have proceeded without any reference to the political questions relating to Cuba, although the work already accomplished will be serviceable when these political relations are finally determined.

### Army Rations In Philippines.

Washington, June 7.—Major General J. W. Ruthers, chief commissary of the Department of Northern Luzon, in a letter to Commissary General Weston, dated April 15, says there are 338 stations in that department, with about 25,000 troops. Besides the troops there were at that time several thousand prisoners who were being fed by the government. The subsistence department, he says, is in a superb condition. Major Ruthers devotes considerable space in his letter to the subject of beef supply. For the most part the meat ration served the troops is the refrigerated or frozen beef. He says that the beef stew with vegetables is the finest component of the ration ever put into the hands of troops.

### Missing Packet Found.

San Juan, P. R., June 7.—The steamer Philadelphia arrived here, and the missing package intended for General Uribe-Uribe, the Colombian leader now in New York city, was found in the room formerly occupied by Luis Moret Munoz, a relative of the former president of the Federal party. Moret Munoz was arrested June 4 on his arrival here on the United States transport McClellan from New York, and was placed under detention at the residence of the chief of police, owing to his failure to deliver the package referred to, the value of which he was not aware of. The package was found sealed and intact and addressed to Abel Mourilla.

London, June 7.—The lord mayor, Frank Green, and the sheriffs received the delegates of the New York chamber of commerce at the Mansion House. About 20 of the delegates were presented to the lord mayor and shown over the Mansion House. A number of men of London chamber of commerce, including Lord Brassy and Sir Albert K. Rollit, were present. The lord mayor addressed the Americans, thanking them in the warmest terms for their visit. He alluded to Morris K.
